Capacity: With Boom lengths from **90' – 150'** Sprayflex has a boom that will **fit your needs!**

Put your 4WD track or wheel tractor to work more!! (no 3PT needed, Direct Mounted Quicktach)

With the quick attach versatility of the FieldPro 4PT sprayer, you can drop/attach the spray boom in minutes to utilize your 4WD tractor more through the season and not incur the capital costs associated with running another power unit, and have the best spraying machine!

Less Weight: Sprayflex Aluminum Booms weigh less than the competitors.

Easy on.....

Once setup, only takes 10-15 min to remove/attach to the tractor!

Easy off.....

Poly or Stainless Steel Tanks available

Boom Joint **"flexes"** on two Axis for Superior Boom Protection

*I was very impressed in how stable and safe the whole process was to remove from the tractor. That was a major design parameter in allowing the tractor to realistically be dual purpose. Good job Sprayflex!

Ultimate fore and aft Boom Cushion to dissipate energy for added Boom Protection

Durability: Sprayflex Aluminum Box Boom design allows the booms to **"flex"** without fatigue unlike competitors welded aluminum and steel booms.

4 Link Parallel Center Mast Lift

Protection: Spray bodies and tubes are completely encased within the boom, allowing for superior protection against breakage but still allow easy access to them.
